

## Adjustable Grooving and Rebating Cutter with scorers 20.6 - 100mm

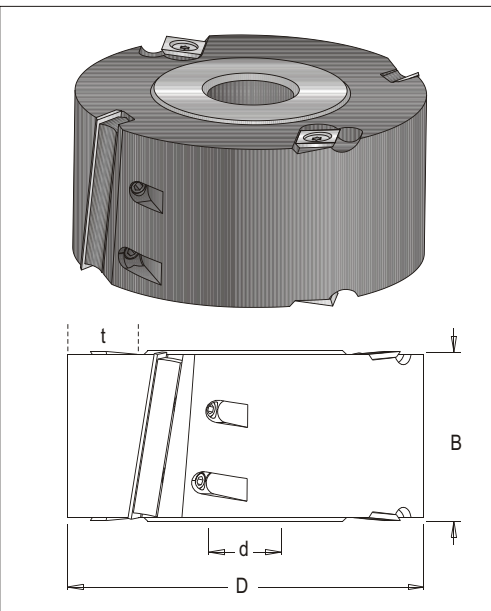

Wear resistant steel body complete with replaceable solid tungsten carbide knives and scorers for improved finish. Suitable for producing various thickness grooves and slots in softwood, hardwood and man-made boards (with or without coating) on a spindle moulder. Cutting width can be adjusted in 0.1mm increments by using supplied spacer rings.

Price per single knife.

## Rebating Cutter

Wear resistant aluminum or steel bodies, complete with shear angled replaceable solid tungsten carbide knives and scorers. Suitable for producing various rebates in softwood, hardwood and man-made boards (with or without coating) on a spindle moulder. Shear angle reduces tearout and improves quality & feed rate of cut.
