

D-TECH™, Replaceable Carbide Router Bits **FREE "D-TRIMMER" Offer!**

Finally! Hi Tech Tools at prices that you can afford! DIMAR is proud to introduce our new line of D-Tech™ series insert router bits. These new bits will give all woodworkers the ability to gain the significant advantage of using industrial grade Replaceable Insert Carbide Router Bits at prices comparable to standard carbide tipped brazed bits. These newly developed bits have much stronger and durable carbide then standard router bits and are guaranteed to outperform the competition! Dimar's D-Tech™ series products will last 4 times longer then standard bits, while maintaining the cutting accuracy at all times. Another first by Dimar.

Benefits of the new D-Tech™ Series include:

- Priced similar to brazed router bits but last 4 TIMES LONGER!
- Never needs sharpening
- Nine popular profile sizes in 1/4" shank
- Easy to replace blades
