## Snappy™ Individual Drill Adapters (without drill bits)

Use your own drills with our Adapters! Adapters fit standard drill bits to 1/4" HEX Shanks. Each adapter has a spring steel collet which flexes to grip bits of various sizes, including numbered, fractional & metric. Each drill bit Adapter has a 1/4" HEX shank which snaps into the Snappy™ Quick Chuck for positive no-slip control. Individual bits can range in size from .002" (0.05mm) to .015" (0.4mm) smaller.
