

Premium Drilling and Driving accessories compatible with Festool® Centrotec® Keyless Chucks.

Compatible with Festool® Centrotec® Keyless Chucks.

Countersinks

Combination countersink and/or counterbore for standard wood plugs. Alloy steel and thru hardened for long life. Drill bits are adjustable for different length screws. Drill the pilot hole for the screw and countersink for the head of the screw or counterbore to plug the screw hole, all in one easy step.

Countersinks

Tool no.	Description	Category
93006	3/32" HSS Drill x 3/8" Countersink, for # 6 Screw	SNP
93007	7/64" HSS Drill x 3/8" Countersink, for # 8 Screw	SNP
93008	1/8" HSS Drill x 3/8" Countersink, for # 10 Screw	SNP
93009	9/64" HSS Drill x 1/2" Countersink, for # 12 Screw	SNP
93258	1/8" HSS Drill x 1/4" Trim-Screw Countersink	SNP

Driver bit

Switch from drilling to driving with your Festool® Centrotec® chuck quickly and easily. Features a hardened Robertson® (square) tip for long life.

Square Driver Bits

Tool no.	Description	Category
95311	#1 x 3" Square Driver Bit with Hardened Tip	SNP
95312	#2 x 3" Square Driver Bit with Hardened Tip	SNP
95612	#2 x 6" Square Driver Bit with Hardened Tip	SNP

Drill Bit Adapter

Adapt standard round drill bits for use in Festool® Centrotec® keyless chucks. Heat treated to a specific hardness to provide durability, while still maintaining the collets ability to compress around the drill bit.

Drill Bit Adapter

Tool no.	Description	Category
92008	1/8" Drill Bit Adapter	SNP
92010	5/32" Drill Bit Adapter	SNP
92012	3/16" Drill Bit Adapter	SNP
92014	7/32" Drill Bit Adapter	SNP
92016	1/4" Drill Bit Adapter	SNP
92024	3/8" Drill Bit Adapter	SNP
